# MARIST ASSOCIATION OF LAITY

## Canada: Work of collaboration to assure the vitality of the charism of Champagnat

On 21 June, the members of the provincial council of the Province of Canada received the members of the board of administration of the Marist Association of Laity. The objective of this meeting was to work out together the new structure assuring the future of the Marist life in the province.

We started from the following image: the Brothers have their kitchen, the laity have their kitchen, we must now create a new community kitchen for Brothers and Laity. One community kitchen which sees to assuring the vitality of the charism and contributing to the Marist mission everywhere in the province. The idea is to set up an authority which will provide the main guidelines of the province for all questions concerning both Brothers and Marist Laity.

This authority is for the moment called the «TABLE OF THE MISSION» or "TABLE OF COMMUNION". The «table» will take care to see to the «Marist» authenticity of

"Marist" works, projects and experiences. It will watch over the development of the Marist leadership everywhere in the province. This will be done through the work of the commission of pastoral animation which will develop processes of formation for Marist leaders.

It is, therefore, a whole work of collaboration which is being set in place to assure the vitality of the charism of Champagnat.

The «table» is composed of 3 brothers and 3 lay persons. The following persons have been mandated to form part of the «table of mission»: Br Gérard Bachand, Br Jacques Bélisle, Br

Félix Roldan, M. Michel Beaulac, Mme Louise Fortier and Mme Linda Corbeil. At the first meetings of the «table», the work will consist of establishing the vision of the province for the next three years regarding the Marist mission, and this based on the proposals suggested during the Provincial Chapter which was held from 30 May to 1 June 2014.

# INTERPROVINCIAL NOVITIATE LA VALLA OF MEDELLÍN

33 persons took part in the workshop. From the novitiate, there were the formators, novices, animators of the youth movements and members of the fraternities; from the Community Centres of La torre and Manantiales, we were able to count

# MARIST VOCATIONS ANIMATION IN CRUZ DEL SUR

## Strengthening of the Lay Marist Vocation

**O**n 7 July, representatives of the Marist Province of Cruz del Sur gathered to make a start on two new projects of the Marist Vocations Animation team: Youth vocation Groups and Strengthening of the Lay Marist Vocation. They came to the city of Buenos Aires from Jujuy, San Francisco, Merlo, Tigre, Luján, Morón, Pergamino, Frayle Pintado and Montevideo for a fraternal, productive and hopeful day's meeting. Fraternal because of the abundance of embraces, smiles of recognition, cups of maté, counsel, shared dreams. Productive because the second part of the meeting, in the afternoon, consisted of beginning to take the first steps: we did not wish to leave anything to later, but to begin there and then to draw up proposals and plan the projects for each work or institution.

And hopeful, because we saw with our own eyes that we had a lot of material for being able to go ahead with this: works

and activities that had already been going for many years, shared values and criteria which are continually becoming stronger under Marcellin's gaze, and people with heart, with longings, with passion and with a Marist spirit who are capable of building everything proposed on rock.

# MARIST CONNECTION

## Vocations Meeting in the Province of Brasil Centro-Sul

From 30/06 to 03/07, we gathered at Itapejara del Oeste, with 21 youth of 2nd and 3rd year secondary to accompany adolescents and young men showing an interest in knowing about the brother's vocation, consecrated life and the Marist Institute. It involved helping them in their undertaking of vocational discernment and identifying the criteria and priorities for their options... since they came from various milieux – Cascavel, Dourados, Ponta Grossa, São Paulo et Itapejara d'Oeste – the meeting was very animated and striking in many ways: formation, interests, participation, solidarity activities, orientation and discernment on the project and choice of vocation. There were also moments of sharing, spirituality, leisure and making friends.

The participants took note, in their souvenir books, of significant moments experienced during the meetings, as well as the stages of their personal history. During the meeting, they worked on three specific themes: Mary, Jesus and the Church. The reflection on Mary gave them the opportunity to visit women, mothers and spouses, who work and take care of their children, women who struggle, like Mary and the strong women of the Bible. The theme "Jesus" appealed to images of Christ which we have constructed

or which have been imposed on us. The youth compared the diversity of faces of Jesus presented to us. For the Church, it became evident that it is a community of faith, of family and sharing with others: it is where we share our gifts and find a modern face which the Church urgently needs: "New wine in new skins".
