

First steps

In November 2019, the Europe Marist Conference asked a group of brothers to draw up a project for what the Marist Europe Region will be.

The process of constitution takes into account the existing structure of the Spanish Marist Conference and its integration into the Marist Europe Region.

In September 2020, the first meeting of the Regional Council of the new Marist Europe Region takes place .

Criteria

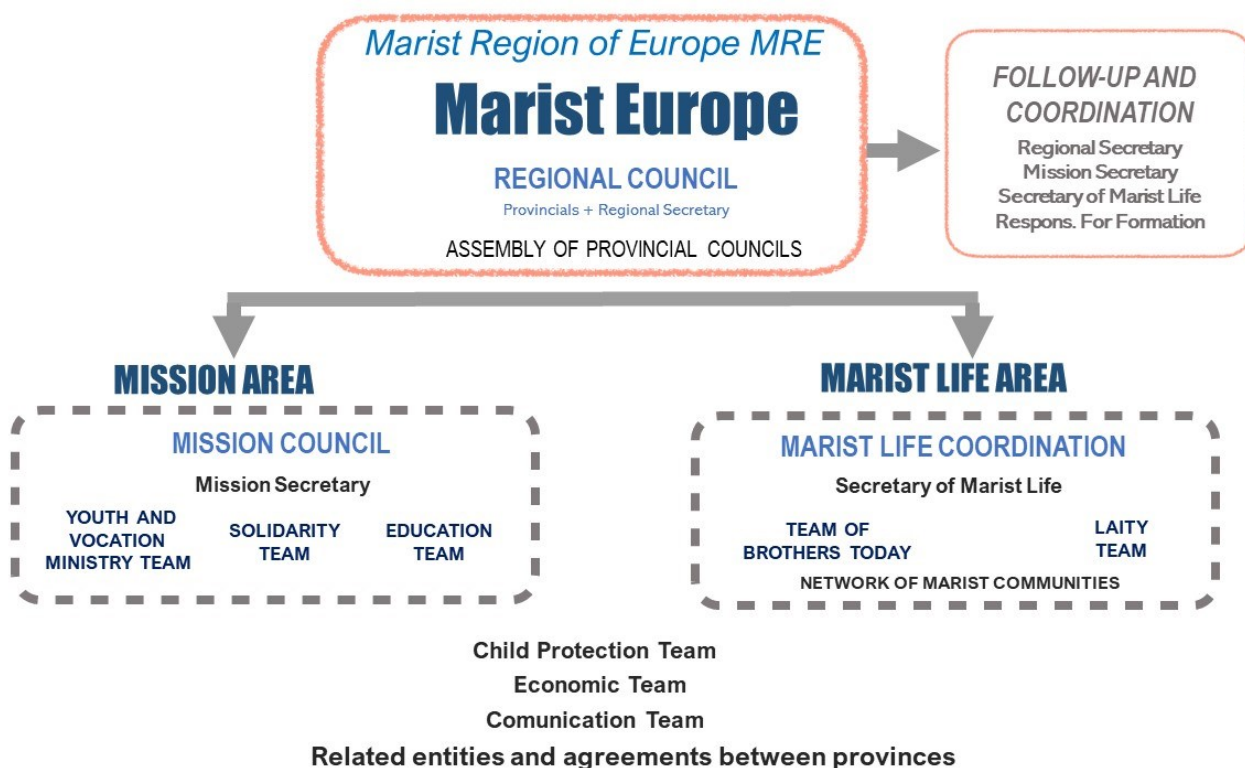

The regional structure is at the service of the provinces, in those areas of common work where collaboration is deemed necessary. The provinces are the ultimate decision makers.

It is necessary that each team knows precisely its functions and the area in which it can decide autonomously.

There is the possibility of establishing temporary working commissions, according to the need or to do a task, or to delegate certain tasks to people, without a commission being necessary.

A common reflection is initiated in view of the creation of a juridical structure for the Marist Europe Region .

Organization chart

Organization chart
