West Bengal

Dear,

Australian Marist Solidarity...

I would like to thank all the AMS staff, benefactors and friends. From November 2021 to April 2022. We are able to help 100 poor families. From these 100 family's children are able to go to school and continue with their studies.

We are able to reach out with people of all religions. With the help of the five Parish we are able to help the 100 needy families. I like to thank all the parish priests and Bishop as well because of them we are able to reach out to them.

I like to thank our Marist community in Talit as well because they have worked hard for the food items to reach their home. In the project as I agreed to give all the food items are given to the people without any changes. Even though the pandemic is over people are starting to move to normal life. But these days after the pandemic more people are struggling because of poverty.

After the pandemic food items are more expensive than before because of that more people are struggling with poverty. Because of the AMS we are able to do some help to the needy families. I would like to thank you on behalf of the 100 families on behalf of the Marist community from Talit from India. I hope to continue to help this family if there is any project for this family.

Fraternally

Rev. Bro. Jiji Dhasan fms
